

SafetyCircle®

Positive Cultural Leadership

4 Day Intensive

Transform and Lift Health and Safety Performance

Overview

Over the past 11 years IPM Consulting has been intensively developing, testing and refining the “SafetyCircle” – an approach to achieving “Ultra-Reliable” safety.

We use safety culture improvement as a doorway to transforming to a positive overall organisational culture. Our approach follows the wisdom: “The context is decisive.”

This 4 day intensive (and associated tasks) will provide you with the detailed contextual pieces that enable the cultural transformation that SafetyCircle brings.

This exceptional professional development masterclass will enable you to look ‘under the bonnet’ of your own organisation’s culture and understand how to lead positive cultural improvement processes. We will unpack the technology of SafetyCircle to give you access to the “gold” that builds positive WHS culture and leads to entire organisational cultural transformation.

Learning Outcomes

Participants will:

- Understand the knowledge, theories and methods relevant to transforming WHS culture.
- Understand the key components of successful WHS cultural transformation program.
- Build personal leadership skills in communication, engagement and work organisation.
- Apply tools that enable WHS performance to be made visible and measurable, and corrective actions that are responsible, achievable and timely.
- Create a plan to support the development of a strong, positive WHS culture and a robust WHS management system.

Presenters

Michael Roberts (Co-Creator of SafetyCircle; Specialist WHS Consultant; Managing Director IPM Consulting)

Dr Ben Brooks (SafetyCircle Researcher; Associate Professor University of Tasmania; PhD in Human Factors)

Plus guest SafetyCircle Coach presenters such as **Martyn Bradfield** (Co-Creator of SafetyCircle; Specialist WHS Consultant; Director IPM Consulting)

Who should attend?

Executives serious about leading positive safety and health culture. All Workplace Leaders and WHS practitioners committed to making lasting positive change in the WHS management and culture of their organisation. Plus individuals who see themselves one day becoming a SafetyCircle Coach or Consultant; working with many organisations.

(NB: This is the actual training we now provide all our SafetyCircle Coaches in their development pathway.)

SafetyCircle®

Positive Cultural Leadership

4 Day Intensive

How to lead people and organisations

Emails from previous SafetyCircle Positive Cultural Leadership Intensives:

"I had high expectations for the three days – and they were surpassed! Thanks to every one of you for contributing so generously and honestly into the collective pool of wisdom in that room. The course would have been less rich if any single one of you was not there. That is a testimony to each one of you, and also a credit to the facilitation team for creating that space of sharing and learning." – DH

"Thank you both for creating an inspiring and very stimulating few days. My head is buzzing with ideas and strategies for maximising the SafetyCircle opportunity in NZ. I'm very excited about the SafetyCircle product, the difference it makes in the world, the opportunity for improving New Zealanders' quality of life, and the possibility of seeing it rolled out around the world." - MS

"I just wanted to say what a privilege it has been to share time with you, your colleagues and the other participants. What a fantastic bunch of people! I really enjoyed the paradigm-shift learnings and appreciated the open heartfelt support everyone gave me in my first steps into the WHS/Safety Circle world. I think the Ultra-quality of everyone present is a tribute to the power of the concept and its potential to revolutionise the safety space (and thus reduce the unnecessary injuries and deaths that are occurring). I look forward to being part of this journey into the future." – AB

REGISTRATION FORM:

Yes! I'd like to register for the Positive Cultural Leadership 4 Day Intensive
